**Doris,**

I am writing you to officially resign as treasurer for Region 18. Time is just not there for me to do the job. Even with having last week off, I did not get the job done. I started the process but did not follow through with getting a new account opened. I guess that is good news so the region can determine a bank that works for all involved including the new treasurer.

I will check with Norma Waters and if she is going to the meeting this Saturday, I will give her a packet that will have all the checks and documents of Region 18. If she is not attending, I will find someone from GEA who is and send it with them.

No action has been done with the 4B account. The amount on the 4B audit is the amount in the account. Once the region opens the new account, we can close the 4B account.

Again, I am sorry that I cannot fulfill the job. I just have too much on my plate at this time.

Thank you for all you do for the Region, TSTA, and NEA.

Michal
